

Women's House League 2008

General Information

The Kemptville Women's House League is made up of four teams that play in a rotation every week. The League is made up of women with varying levels of playing ability and experience. The focus is on exercise, having fun, and meeting people.

Teams are made up in May. Each player will be called by her coach in mid to late May. Coaches may run a practice before the first game.

If after the first few games, a team appears dramatically stronger than others, it may be necessary to alter the teams in order to ensure a balanced league.

*Unregistered players are not permitted to play for club liability reasons. Only players listed on a team roster are eligible to play. Team rosters will be posted on this page, and updated weekly. **If an unregistered player plays on a team, then that team automatically loses that game.**

To play in the League, a registration form and cheque must be submitted to KDSC, and be processed by the registrar. The **convenor** then places the registered player on a team, and the player is contacted as to when she can start playing.

[Team Rosters are coming soon.](#)
