FIELD SPACE

Colin had updates for us. He wanted to know if Matt had looked into the Oxford Station Field.

The question arose to whether the U9 HL will or will not practice on another night other than their game night.

Colin informed us that all fields are 80% full everyday except Saturdays.

Crozier Park has 6 new fields there that we can use.

SSSL & REFEREES

In regards to E2E, Chris still feels strongly against it. Matt had informed the members that we would stand beside Chris' decision. She feels that we should only use 1 system. The one we use now works great so why confuse everything with adding another system.

Lou had spoken to Rob Dobson over this matter and he agrees that our club have very strong assigners, but that he would like the club to implement the E2E system. He decided to give us control for 1 year. He also informed Lou that he still wants all referee reports. Lou will administer all the reports into E2E.

Chris would like a proper consultation with all the coaches and referees before getting using the new system.

KICK OFF DAY UPDATES

Antonella wanted to go over a few items before Saturday. She needed a decision made on how much we would sell the food for.

We also needed to decide how much we would sell tickets for the dunk tank. As of now we only have Matt, Jeff Frank and Antonella to into the tank. There is also a chance that Chris will go in it. We need to try and get some coaches to volunteer. An email will go out asking if there are any takers.

Antonella informed everyone that she still would like a few more bodies to help out at the BBQ, selling tickets at the dunk tank, helping out with the crafts. She told everyone the Rhonda was taking care of all the BBQ necessities. She has already ordered all the buns, drinks and condiments for the BBQ. Colin will pick everything up Saturday at 8am. Carole B. has sent out a reminder to all Competitive coaches that volunteers were still needed.
